WORK EXPERIENCE

Contact Agency Ltd   **February 2024 – Present**
Software Engineer   *London, England*
- Developed and deployed brand websites using Webflow, NextJS, and Contentful, ensuring responsive designs and optimal user experiences. At the same time, creating reusable components using NextJS and TailwindCSS to standardize and accelerate development processes.

IMPACT! Brands and Communications   **April 2022 – Present**
Assistant Head of Web and MarTech   *Singapore*
- As the Assistant Head of Web and MarTech, I oversee core development strategies, technology utilization, quality control, and project timelines.
  - Delivered and deployed 5 projects in the first year, all retained for ongoing maintenance.
  - Manage shared hosting accounts, ensuring compliance with client security policies, resolving bugs, and optimizing website performance.
- Spearheaded the exploration of new tools and technologies, including ReactJS, NextJS, Supabase, GSAP, and Webflow, to enhance development processes and improve the quality of delivered websites.

Web Developer   **July 2021 – April 2022**
- Started as a Web Developer at IMPACT, delivering responsive websites from design files created in Figma, Photoshop, and Adobe XD. Utilized Webflow, WordPress, Wix, and Unbounce to build visually appealing and user-friendly websites tailored to client needs.

Hoorooh Digital   **October 2022 – January 2023**
Project-based React Developer   *Colorado, USA*
- Migrated a legacy portfolio website to the latest ReactJS framework, ensuring improved performance and maintainability. Collaborated with the development team to establish a multi-website repository utilizing React, Gatsby, and GraphQL.

Razza Consulting Group, Inc.   **July 2020 – July 2021**
Sole Web Developer   *Quezon City, Metro Manila*
- Served as the sole Web Developer at Razza, overseeing all technical deliverables, including developing websites using WordPress, managing AWS accounts for hosting and domain services, implementing security policies, and maintaining website backups to ensure reliability and data integrity.

EDUCATION

University of the Philippines - Los Baños
BS Computer Science - Honor Roll   *Los Baños, Laguna*

RECENT PROJECTS, SKILLS, & INTERESTS

Recent Projects

Outlander Magazine - *Built using Webflow*
Built a dynamic website for Outlander, a fashion and e-commerce brand, utilizing Webflow to deliver a clean, stylish interface and a seamless user journey.

Hush Management - *Built using NextJS and Contentful*
Built a sleek and dynamic website for Hush Management, a talent agency, using NextJS and Contentful. Designed to showcase talent profiles with a seamless, fast-loading user experience and easy content updates.
